Android phone

DC 48V

PoE Camera   Power+Data Out   PoE Injector   LAN IN   Router
Mode 1   PoE Switch
                                                Phone   PC

Mode 2
PoE Camera   PoE Swith   Router
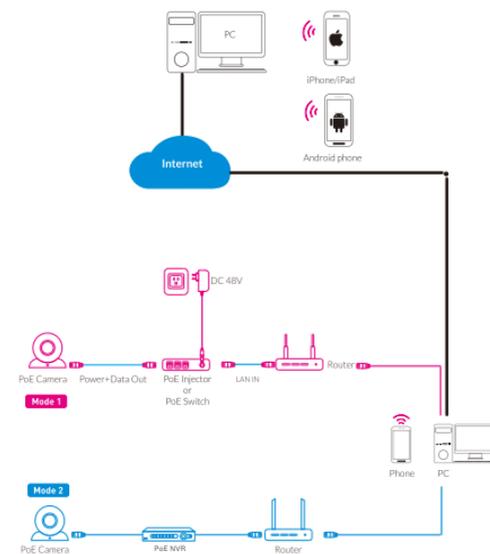

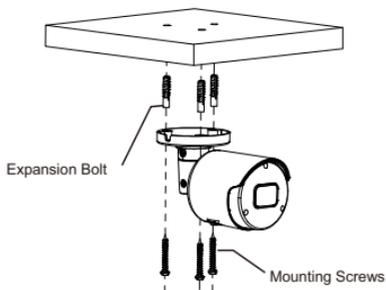

⚠ Attention: There are two connection modes:
1. For non-PoE router, connect the camera by a PoE switch or a PoE injector.
2. For a POE NVR, pls connect the camera directly to the POE NVR, then follow the below steps.

---

2) Installation

Bullet Camera Installation

Ceiling Mounting

Expansion Bolt

Mounting Screws

Insert three expansion bolts in place into the ceiling and fix the equipment with three mounting screws.
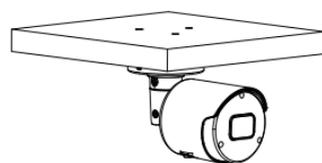

Completion of Installation

---

**Dome Camera Installation**

Ceiling Mounting

Setup of Sticker

Dome Camera

Paste the sticker in place at the proper position as selected.

Collar

Remove the collar off the camera by rotating it down

Expansion Bolt
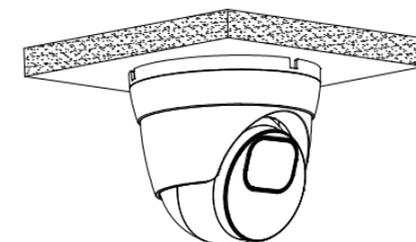

Locking Screw

Fix the pedestal by drilling locking holes around the sticker and inserting three expansion bolts into the holes and fastening it with three locking screws.

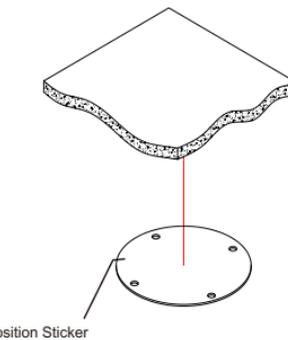

Mount the collar back by rotating it up

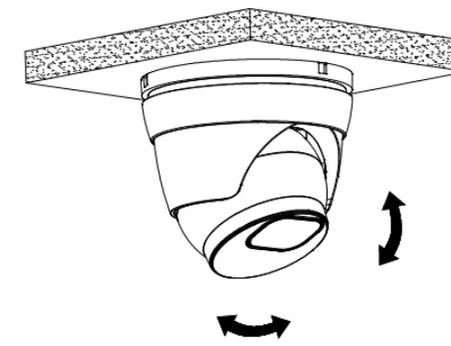

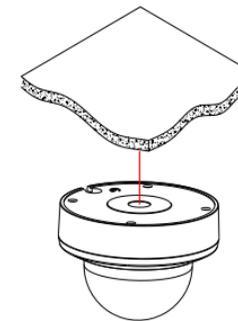

Adjust it to an appropriate angle.

Completion of Installation

Vandal-Proof Dome Camera Installation

Ceiling Mounting

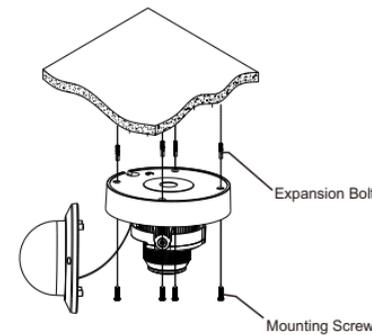

Position Sticker

Apply the position sticker to the desired camera mounting position.

Cover Component

Remove the cover component by loosening the three locking screws with the included hex wrench.

Expansion Bolt

Mounting Screw

Use the position indicated on the position sticker to drill the holes needed to mount the camera base. Insert the expansion bolt into the holes. Match the base's mount openings to the expansion bolts position, then place the mounting screws through the base's mount opening into the expansion bolt. Tighten the mounting screws to ensure the camera base mounted securely.

Locking Screws

Completion of Installation
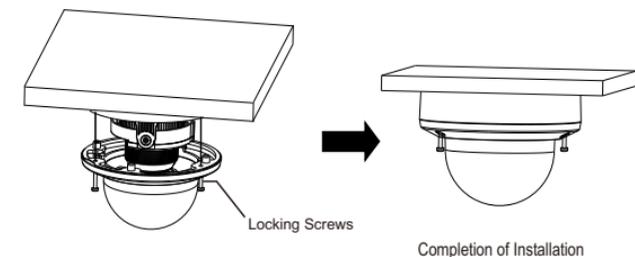

※ Place the cover component back onto the base.
※ Please make sure the locking screw position on the cover component matches the locking post on the base.
※ Tighten the locking screws after the cover component is in the correct position.

There are two methods to install the App.

● Search for "**IVSEC X**" in App Store or Google Play.
