Perfect intercom upgrades.

2-Wire Hybrid Series: Upgrade existing analogue and 2-wire intercoms

VIP Vision™ 2-wire residential video intercoms are the perfect upgrade solution to your old intercom or door bell system. Perform incredibly fast upgrades using existing 2-wire infrastructure, without the need for any configuration. Optionally, connect the system to the Internet via the WiFi monitor for remote view and operation.

- 2.0MP wide angle door camera with IR illuminator
- Door stations calls all programmed indoor monitors
- Interfaces with most electric door strikes/mag. locks
- IP65 & IK07 front panel of camera w/ tamper switch

- 7" capacitive touchscreen indoor intercom monitor
- Visitors can leave video messages for unanswered calls (intercom monitor SD card required)
- WiFi monitor for remote monitoring via the app

2W

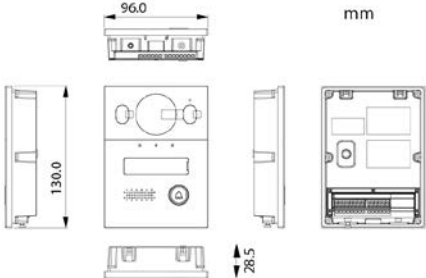

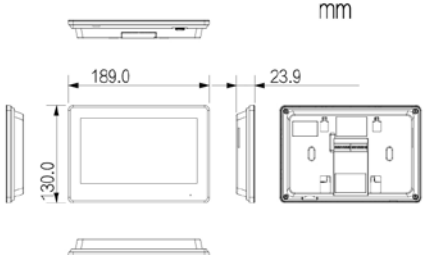

Use Existing 2-Wire Infrastructure

Scale Quickly via 2-Wire Modules

Connect Monitor to WiFi & App

Stay connected with all that you love.™

2-Wire Series | Series Specifications

Model	INTRDS-H
General Product Image	
Main Processor	Embedded Processor
Backlit Interface	N/A
Card Support	N/A
Tamper Detection	Yes
Camera Camera System	1/2.8" 2.0 MP CMOS HDR Camera Horizontal FoV: 110° ; Vertical FoV: 60°
Video Resolution	960 (H) x 576 (V) @25fps
Audio Input	1
Audio Output	Built-in Loudspeaker
Bidirectional Talk	Support
Network Protocol	TCP/IP
Environmental Vandal Resistant	IK07
Ingress Protection	IP65
Installation	Flush Mount;Surface Mount
Power Input	via INTCON-H Controller
Power Consumption	≤ 1.5 W (standby), ≤ 10 W (working)
Weight / Dimensions	0.502kg / 130 x 96 x 28.5mm
Accessories	

| Model	INTMON-H
Monitor Product Image	
Main Processor	Embedded Processor
Video Compression	H.264
Audio Input/Output	1 input ; Built in Loudspeaker
Audio Bit Rate	16 kHz; 16 bit
Bidirectional Talk	Half-Duplex with Door Station; Full-Duplex with App
Display Size	7" Colour TFT LCD
Display Resolution	1024 (H) x 600 (V)
Alarm Support	6 Input channels / 1 output channel / 1 x RS485
Operational Input	Capacitive Touchscreen
Internal Capacity	Up to 64GB MicroSD Card (sold seperately)
Wi-Fi	IEEE802.11b/802.11g/802.11n
Network Protocol	IPv4; UDP; DNS; TCP
Environmental Operating Temperature	-10 °C to +55°C
Installation	Surface wall mounting bracket & kit
Power Output	1 (12 V, 200 mA)
Power Consumption	≤ 2.5 W (standby), ≤ 10 W(working)
Weight / Dimensions	0.633kg / 130 × 189 × 23.9 mm
Accessories	

VIP Vision™ 2-Wire Intercom Kit
Model: INTKIT-H

The INTKIT-H offers everything you need to setup a single door camera & indoor monitor over existing 2-wire cabling, and connect to the internet for remote view.
